- *Build a Bug Math Game
- *Lady Bug Math Game
- *Bug Toss

WEEKLY SONG

La Araña Pequeñita
(The Itsy Bitsy Spider)

La araña pequeñita subió,
subió, subió,
Vino la lluvia, y se la llevó
Salió el sol, y todo lo seco
Y la araña pequeñita otra vez
subió!

ABOUT GREENTRIKE DISTANCE LEARNING DAY CAMP

We are exploring the letter “Ii” and the wonderful world of insects! This week’s activities are also very supportive of early numeracy skills.

From playing some counting games, to exploring symmetry, kids in camp this week will have a fun time designing, building and decorating bugs. Songs, puzzles and stories will round out our week of fun.

Children are often fascinated by the natural world. We will be introducing some fun facts about bugs and scientific terminology (head, thorax, abdomen, antennae) to help them know more about the insects they encounter. Knowing more about bugs can also support curiosity rather than nervousness when we bump into our buggy friends!

Camp Staff:

Miranda Owen: mowen@playtacoma.org
Rachel Red-Horse: redhorse@playtacoma.org
Megan Wilson (T-Th): mwilson@playtacoma.org
De’Ja Marshall (M): dmarshall@playtacoma.org
